Subject: Red-line comments from OMB on HD P2 preamble
Attachments: EO12866-EPA-NHTSA-Heavy-Duty-Phase2-draft-NOPR-5_27_2015.docx

Hi all,

We received a redline version of the HD preamble back from OMB this morning – attached here.

OMB recognizes that this is a late hit, so they have asked that we simply “do the best we can” in responding. I will take a crack at doing so for P00, Chuck will take P01 and P02, and Angela take the rest of the doc. The three of us will coordinate making changes to the compiled preamble once it’s open for business.

In the meantime, if you look at the OMB comments and have concerns with any of the comments you see in your sections, please talk to one of the three of us.

Thanks!
~Cay
